A parent or guardiau of a deceased minor will therefore, in addition to such testimony applicable to his claim as is previously described, have to furnish proof that he provided the minor with the property therein mentioned, that the minor died without paying for such property, and that he the parent or guardian, is entitled to payment for it by his having turnished the same. To establish a claim under this provision the claimant most adduce the evidence of the witnesses mentioned under the head of first class cases, lati-factorily proxing that the property therein described was, while in the military service of the United States, cordemned by a board of officers on account of their being rendered unfit for service in consequence of the government failing to supply forage, and that such property was turned over to a quarterma-ter of the United States army, explaining when the claimant was re-mounted, &c., as required in said first class of cases. In no case can the production of the evidence previously described be dispensed with, unless the impracticability or producing it be clearly proved, and then the nearest and best other evidence of which the case is susceptible must be furnished in heu thereof. WONDER AND BLESSING OF THE AGE. The most extraordinary Medicine in the World!! This Extract is put up in Quart Bottles: it is six times cheaper, pleasanter, and warranted superior to any sold. It cures without vomiting, purging, sickening or debilitating the Patient.

the body. It is one of the very best SPRING AND SUMMER MEDICINES

ever known; it not only purifies the whole system, and strengthens the person, but it creates a new pure and rich blood a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the last five years, more than 100,000 cures of severe cases of disease; at least 15,000 were considered incurable. It has saved the lives of more than 5,000 children during the two past seasons. 10,000 CASES OF GENERAL DEBILITY AND

WANT OF NERVOUS ENERGY. Dr. Townsend's Sarsaparilla invigorates the whole system perma nently. To those who have lost their musculus energy by the effects of medicine or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system, assitude, want of ambition, fainting sensations, premature decay and decline, hastenining towards that tatal disease. Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any INVIGORATING CORDIAL.

As it renews and invigorates the system, gives activity to the timbs, and strength to the muscular system, in a most extraordinary degree CONSUMPLION CURED. New York, April 28, 1847. Dr. Townsenn-I verify believe that your Sarsaparilla has been the means, through Ptovidence, of saving my life. I have for several years had a bad Cough. It became worse and worse. At last I raised large quantite is of blood, had night Sweats, and was greatly debilitated and reduced and did not expect to live. I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results. Your obedient servant,

JAMES CUMMINGS. FEVER AND AGUE. Dr. Townsend's Sarsaparilla is unequalled in cases of the Chills and Fever and Ague. The following letter is only one of handreds that we have received from the South and West of like character.

Oswego, Mich., Oct 22, 1847. Dr. Townsend: Dear Sir :- I purch sed for my wife two bottles of Sarsaparilla of your Agent, Mr. McNair, of Kalamazoo, to try it for the Fever and Ague. Before I had finished the first bottle, it appeared to warm the blood, and every other day, when the Chills and Fever appeared, they were less violent, and before she had finished the bottle she was entirely relieved, and she was much better than she had been before she took the Ague. A hady that had been very sick with the Chills and Fever, but had broke them with Quinine, and was left in a very weak and distres-ing state, and troubled exceedingly with the Ague Cake, seeing the effect that it had on my wife, she seat and procured a few bottles, and it restored her in a few weeks to complete health. Your sarsaparilla is without doubt unequalled in diseases incident to the West, and if you think that this communication will be of use, you are at liberty to use it as you Yours respectfully, CHARLES II. FITS!! FITS!!! Dr. Townsend, not having tested his sars marilla in cases of Fits, of course never recommended it, and was surprised to receive the following from an intelligent and respectable Parmer in Westchester

Dr. Townsend-Dear Sir: I have a little girl seven years of age who has been several years afflicted with Fits; we tried almost every thing for her, but without success; at last, although we could find no recommendation in our circulars for cases like hers, we thought, as she was in very delicate health, we would give her some of your sarsaparilia, and are very glad we did, for it not only restored her strength, but she had no return of the Pits, to our creat pleasure and surprise. She is fast becoming rugged and hearty, for which we feel FEMALE MEDICINE. taking the Extract she suffered with attacks of fix almost incessant-

The result has exceeded our most sanguine expert its influence. It immediately counteracts the nervousness of the female frame, which is the great cause of Barrenness. It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed but we can assure the afflicted, that hundreds of cases have been reported to us. Thousands of cases where families have been without children, after using a few bottles of this invaluble medicine, have been blessed with five healthy offspring.

TO MOTHERS AND MARRIED LADIES. This Extract of Sarsaparilla has been expressly prepared in refer ence to female complaints. No female who has reason to suppose she is approaching that critical period, "The turn of life," should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed for several years by using this medicine. Nor is it less valuable for those who are approaching womanhood, as it is calculated to assist nature, by quickening the blood and invigorating the system. Indeed, this medicine is invaluable for all the delicate diseases to which women are subject.

It braces the whole system, renews permanently the natural eneroduce subsequent relaxation, which is the case of most medicines taken for female weakness and disease. By using a few bottles of

CHILDREN. It is the safest and most effectual medicine for purifying the system and relieving the sufferings attendant upon child birth ever discovered. It strengthens both the mother and could, prevents pain and disease, increases and enriches the food, those who have used it think it is indispensable. It is highly useful both before and after confinement, as it prevents discases attendant apon childbirth-in costiveness, piles, cramps, swelling of the feet, despondency, heartburn, vemiting, pain in the back and loins, false pains, bemorrhage, and in regulating the secretions and equalizing the circulation, it has no equal. The great beauty of this medicine is, it is always safe, and the most delicate use it most successfully, very few cases require any other medicine, in some a little Castor Oil, or Magnesia, is useful. CURE FOR FITS. Advertisements of patent medicines, our readers are aware, have been excluded from our columns for several years past. Our object tions to them are-1. afflicted family.
